

AIops-Powered Room Monitoring Services

Managing enterprise technology requires proactive insight to ensure reliability, productivity, and efficiency. Yorktel's **Monitoring services** offer AIops-powered solutions for seamless room operation. With a consolidated dashboard for real-time device health and room status, tickets are created automatically when issues arise. Our "best of breed" approach combines multiple OEMs' cloud-based monitoring platforms with our own AIops-powered room monitoring solution.

Let Yorktel's advanced monitoring simplify room oversight, allowing your team to operate with confidence and focus.

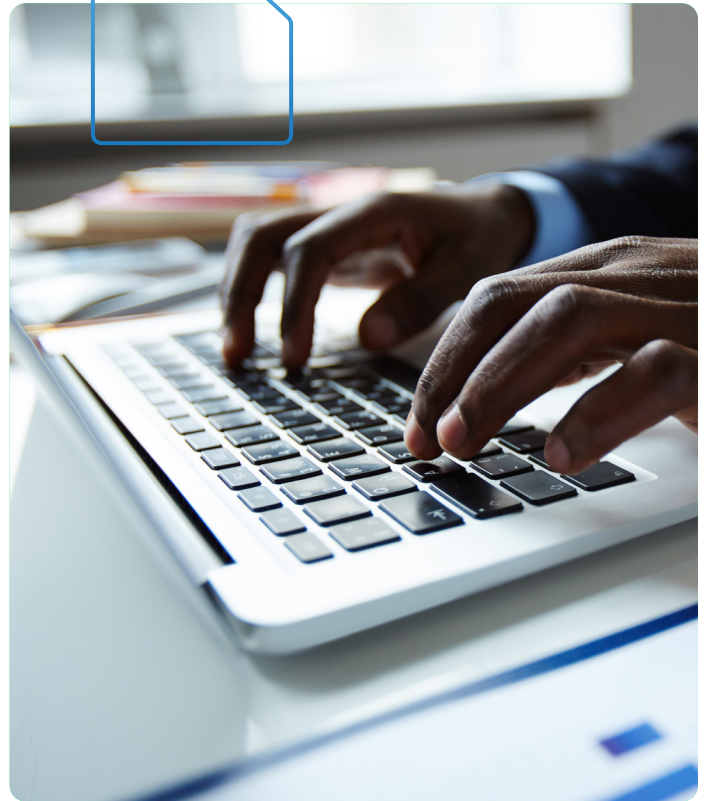

Outcomes

- ✓ **Increased confidence** in the reliability of your rooms.
- ✓ **Optimized productivity** by reducing manual intervention.
- ✓ **Reduced downtime** with automated alerts and ticket creation.
- ✓ **Improved oversight** with a consolidated dashboard for all monitored devices.
- ✓ **Fix problems faster** with advanced issue detection.
- ✓ **Prevent disruption** with proactive problem management.

Why Yorktel for Monitoring Services

- AI-Driven Precision for Every Room**
 Yorktel's proprietary AIops-powered monitoring delivers real-time insights, proactively identifying and resolving issues to keep everything running smoothly.
- Data-Driven Insights for Smarter Decisions**
 Our AIops engine offers advanced analytics and root-cause insights, enabling informed decisions that enhance room reliability and operational efficiency.
- Effortless Visibility with a Consolidated Dashboard**
 Displaying device health and room status, our Monitoring Services provide clarity and control over your entire digital workplace.
- Maximum Reliability for a Connected Workplace**
 Supported by Yorktel's 24x7x365 monitoring, your organization benefits from continuous oversight, creating a consistent, dependable user experience for all.
- Proactive Monitoring for Peak Performance**
 Our automated alerts and self-healing routines minimize downtime, ensuring every room is ready when you need it and reducing the burden on internal IT.
- A Trusted Partner in Room Managed Services**
 With 40+ years of expertise, we combine top OEM integrations with industry-leading AI, ensuring a secure and productive environment.
